Dedication To Mr. Schaefer

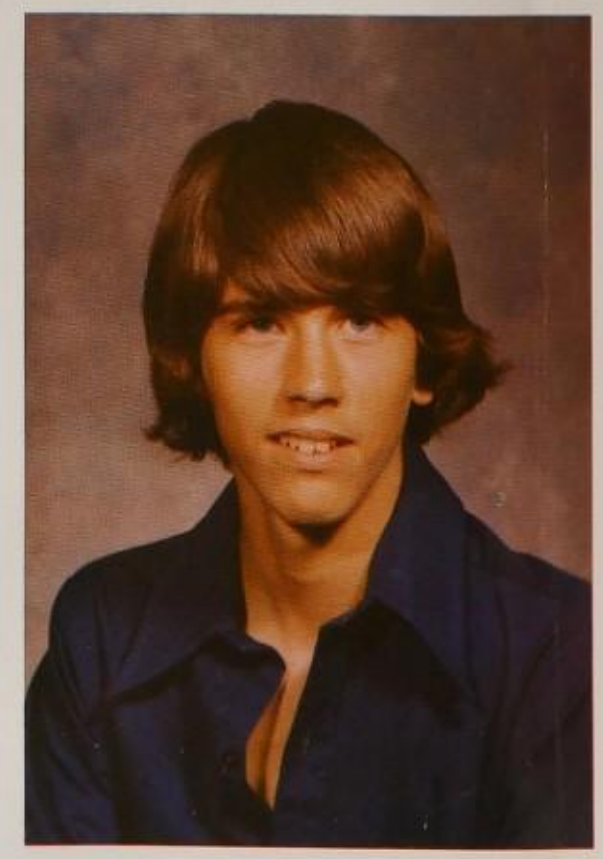
Many seniors can probably remember Mr. Schaefer's first year at Keswick because it was their first year in junior high.

Scott Schaefer came Keswick equipped with the knowledge he acquired at Clearwater Christian College and with a full supply of dry jokes. His neatness and organizational skills have helped him to survive these five years at Keswick.

Mr. Schaefer has a very busy schedule. Besides teaching geography, U.S. History, and world history, he is the NJHS sponsor. Mr. Schaefer is also the JV soccer coach. This year he bet the team that if they didn't lose any games, he would shave his head. The team went without a loss, and Mr. Schaefer kept true to his word.

If you think his soccer interest is limited to boys soccer, you are sadly mistaken. This is the third year that Mr. Schaefer has coached the awesome Class of '87 powderpuff soccer team.

Mr. Schaefer has been a great teacher and friend; and, therefore, the journalism staff dedicates the 1987 CRUSADER to Mr. Scott Schaefer.



Editors Sign Off

It was a hot, spring day. The pressure was on and the journalism staff was at its wit's end. What would be the theme for the yearbook? All of a sudden, the name Vital Signs escaped from someone's lips. Yes, everyone agreed that the title Vital Signs was perfect. But why? Vital Signs represent life. Our theme Vital Signs sums up the contents of this yearbook — the life of KCS.

Being the editors of the Crusader has been a unique experience. Probably many students have seen us run up and down the halls, going through stress syndrome that comes from deadlines. Late night brainstorming, after school work sessions, and lots of laughter contributed to the completion of the yearbook. Although we were only one year veterans, God enabled us to surmount our difficulties and inexperience.

We'd like to thank the staff for all their hard work and Miss Bouwman for helping us to keep our heads on straight.

The Pulsating Summer Rhythm

Keswickians beat the summer heat in 1986. Many went to the beach to soak up some rays. Other students worked to make a big buck. When the word "summer" is mentioned, eyes light up, and conversation never fails to start. The beach was one of the main activities of this summer. Of course, living in Florida most teenagers always find time to hit the beach once in a while, as Lisa Reinhart did, and when I asked her how her summer at the beach was she said it was definately, "Fun in the sun!" The beaches that were most populated by Keswickians were St. Pete, Madiera, and Clearwater.

Another topic of interest was camps. Keswickians attended every type of camp this summer from survival camp to cheerleading camp. The most popular was church camp.

Summer school, a subject most don't even like to mention, was mentioned in a positive manner by Noelle Nichols. She attended summer school at Gibbs High School where she was working ahead in her math program. Noelle said, "I was able to witness to a lot of unsaved kids, and I had a good time."

Whether studying in summer school, camping, or just catching the rays, it's evident that all Keswickians enjoyed the summer of '86.

Our fearless leader. Marc Erickson tests a log bridge while others wait hopefully.

I heard it's your birthday. Friends gather to celebrate Lisa Reinhart's sixteenth birthday.

Double Trouble. Colleen and Claudine Sorenson stand under a street sign in Wisconsin named just for them.

What a splash. Doug Petro cuts up in the intercoastal waterway.

The Crest Of The Wave

A talent is a gift entrusted to a person to use and improve. As Christians, we know God is the One who has entrusted us with these abilities, and we should use them fully for His glory.

Talents can be utilized in many things. Some people use them as a release from pressures. As Jennifer Linhart said, "I love ballet. It's my favorite thing in the world. It eases the pressures of school and helps me forget my cares."

As stated before, we're entrusted with talents to improve them. K.C. Williams stated, "Karate is different and unique, but it requires hours and hours of practice. It's worth it, however, if you don't practice you'll be beat up."

Katina Maragos is involved in synchronized swimming. She said, "I love it, but it's a lot of work. Sometimes the water is freezing, but it's always fun."

A talent can also lead to career choices. Michelle Miller said, "I like art. This led me to my decision of a major, interior design."

Rick Linhart feels the same way about his ability in regard to computers. He stated, "Computers fascinate me because of what they can do. They weren't hard to understand, and this led me to my career choice."

So, as you can see Keswickians are talented out of school as well as in school. We must, daily be striving to improve our God-given talents and use them for His glory.

Blow wind, blow! Andrew Hobbs is an avid windsurfer, giving lessons during the summer.

Let your light shine. Rebecca Mynes sings at Community Christian Church.

Bathing beauty. Junior Katina Maragos has been involved in synchronized swimming since she was four. She plans to go to the '88 Olympics.

Yea, dude! Jim Carlton skates tuff.

Pointing the Way. Gaynel Wilt, a super baton twirler, has won countless awards, including first place in the state of Florida for solo.

Karate Kid! K.C. Williams has been taking karate since seventh grade. Last summer K.C. became a black belt.

Watch a winner ride! Sixth grader Ryan Williams (#57) has won over twenty trophies for BMX.

The Crusaders Street Beat

You've stumbled out of bed, eaten your wheaties and gotten ready for school. But the question is, "How are you getting to school?" There are many modes of transportation that will get you to school on time.

One of the most dreaded ways to get to school is riding the bus. You leave early in the morning and get home late. The ride is not a comfortable one. As Mike Barlowe said, "Riding the bus is so boring it even makes school seem fun."

Another route some people take is the carpool. Britt Polski commented that "It's better than the bus." This may be true, but the carpool is not perfect. Many times your ride is late or occasionally forgets you, just ask Jennifer Schmidt.

Others of you have your parents bring you to school. This can be a bit embarrassing at times, for sometimes mothers come in curlers. Perhaps the most embarrassing situation that can arise, however, is when the car stalls just as you're pulling up to the school.

By far the most preferred way to get to school is to drive. It provides freedom. Along with the many ways to get to school, are the many excuses for people being late: "My alarm didn't go off" or "There was an accident" and the most original, "My little brother threw up in the back seat and I had to clean it up." When it comes right down to it, it doesn't matter how you get to school as long as you aren't tardy.

Keswick's morning traffic report. This is the entrance to the campus on a typical school day.

On the road again. The soccer team beat the bus blues on the Ft. Lauderdale trip.

Bright-eyed and ready to go. Eric Fontana arrives at school ready for the day.

Welcome to school. Please pick up all personal belongings as you exit the Keswick tram.

Helping hand. Mrs. DeGraff takes a student to class.

The enforcers. Jeremy Dressback and Nathan Oyer help Michael Eddy to class in another manner.

It's A Hard Habit To Beat!

Habits! Some are good, and some are bad; some are common, and some are unique, but we all have them.

In a poll taken of the KCS High, "waiting until the last minute to do homework" was the habit most popular, while "nail biting" came in second. For the most annoying habit, "nail biting" and "smoking" both tied for first place.

It was also discovered that there are four perfect people in our high school. Chris Shankle, Donny Harrington, Brian Burridge, and Mark Cooper all admitted as to having NO bad habits. Congratulations guys! On the other hand, Marianne deHaan replied she "Can't tell" what her worst habit is. And you thought Keswick students were boring.

Brett DeVries claims his worst habit is cutting down other people. Maybe that's why Russ Bouma's worst habit is hitting Brett.

As for Monte Watkins, he says the habit that annoys him most is when "Girls swing their legs back and forth." Well, Monte, my advice to you is "DON'T sit next to Kelie Daffron during Chapel, or you may have a nervous breakdown watching her swing the entire pew back and forth along with her leg."

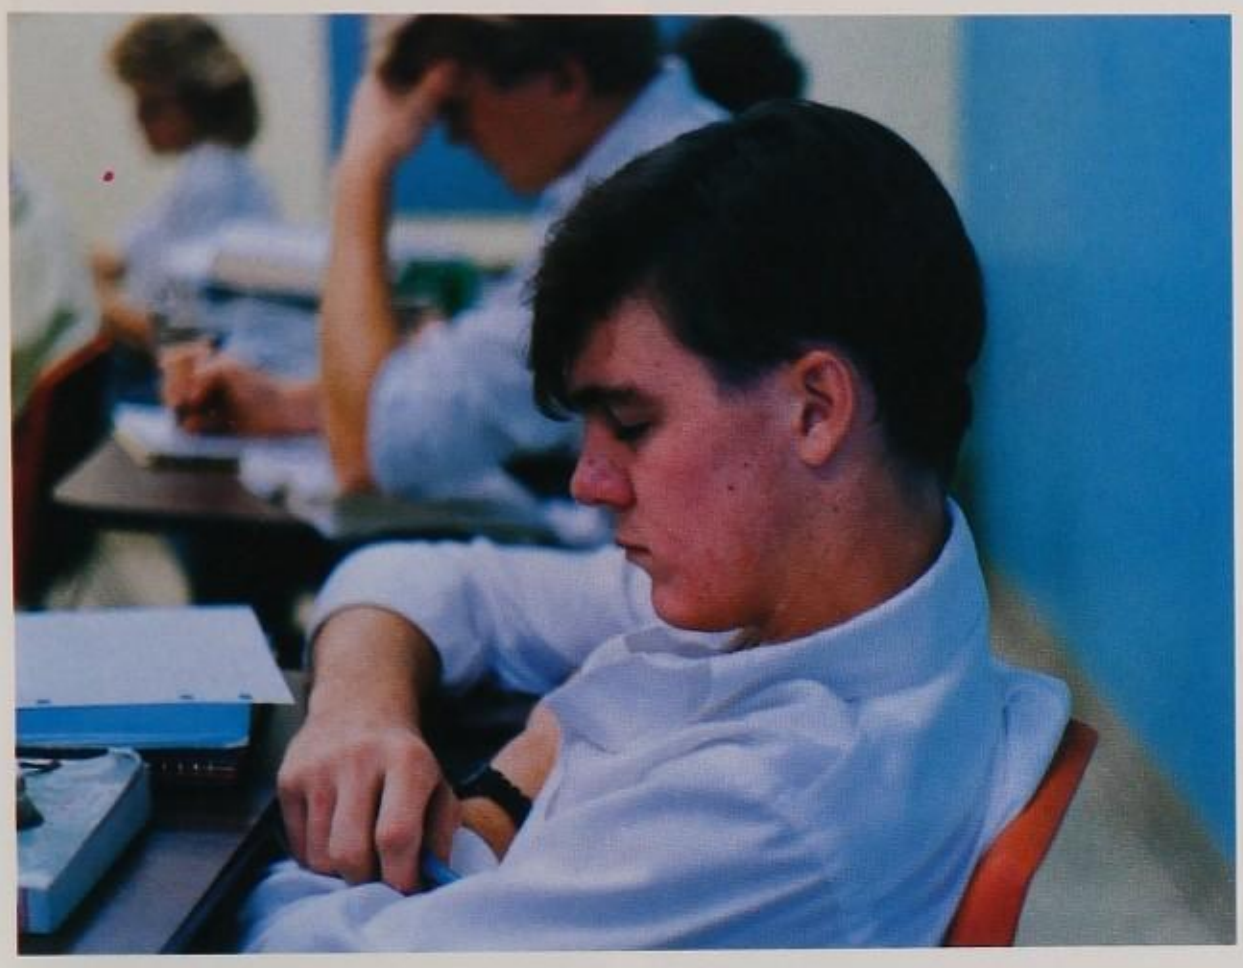
Keswickians have a great variety of habits, and whether they are good or bad, they all add to the montage of Keswick Christian School.

It's right over left then switch. Holly Engleman listens intently in U.S. History.

Straw Snacking! Scott Grisar devours a straw during Computer Class.

Nail Gnawer! Angie Pierce enjoys a snack in Bible Class.

Davie Doses! David Carlson takes a midday nap in class.



Nick your Bic! Billie Markle chews on his pen in English class.

Ponder on that! Eric Branch learns to draw the letter G.

Beating the Cost of the Senior Life

It seemed that many seniors this year could not wait for graduation before getting out into the working world, so they found jobs to keep them busy during their school year.

Many of these seniors worked at the usual fast food restaurants, grocery stores, drug stores, and movie theaters. Others found jobs at business and doctor's offices where they worked with computers and other office equipment.

You might think with all the school work they had this year that it might be difficult for them to keep these jobs, but the majority of these seniors had little or no problem at all keeping their grades up. In fact, most of them had a B average or better.

But what is it that made them get a job in the first place? "The reason I got the job was in order to get the experience of working with people," explains Dan Steffins who works at Publix. Mike Trill says he feels "...working now is a good experience for working in the real world. Working with people is also a good experience at my age, so when I get older, I will be able to adjust better." Others said they worked to save up money for a car or just for weekends.

Whatever their reasons, these hard-working seniors seemed to enjoy their jobs for the most part, and got a head start on the rest of their class from this invaluable experience.

Is there life after high school?

This is a question that many seniors ask when they think about the future. It's frightening to realize that after so many years of feeling safe within the walls of their homes, churches, and school, they are thrust out into the world, to either sink or swim. What are seniors to do after they are graduated?

College is one answer. Eighty-eight percent of this year's senior class plan to go to college to prepare for their careers and find their life mates.

"I want a college education to be the best I can be," said Rick Linhart.

But college is not for everyone. Students who decide not to go to college do so for a variety of different reasons.

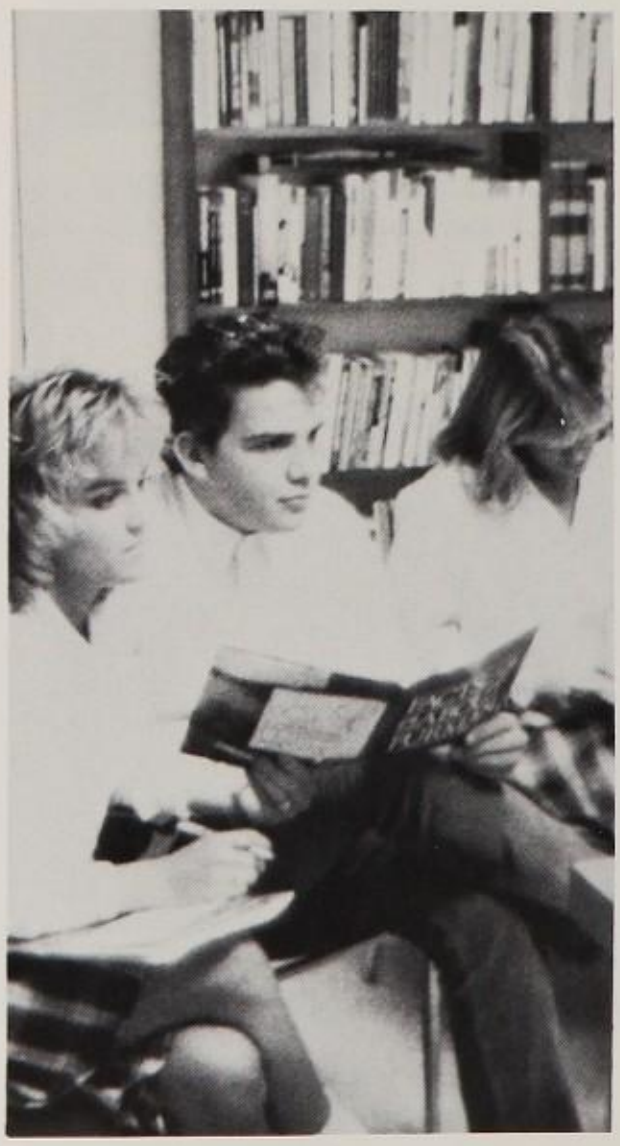
As Jim Carlton put it, "I don't have a career choice so I'm going to take my dad's business over."

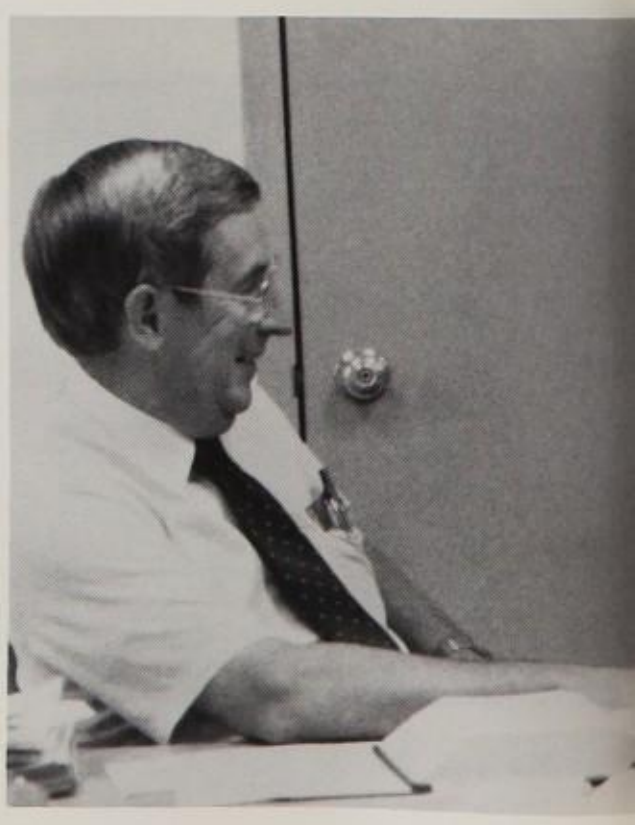
Whether going to college or not, most of the seniors at Keswick are continuing to turn to God for direction, knowing that He has a special plan for their lives.

Gwen Phillips said, "I prayed very much to find his will in choosing the right college."

The future holds excitement for every senior: college, jobs, marriage, and much responsibility. Yes, there is life after high school.

College bound. Colleen Sorenson, Mike Trill, and Cyndi Robbins get information about Furman University.





Lost! Ever since the first day of school, seniors have had a hard time finding the right direction to go.

We are one in the Spirit

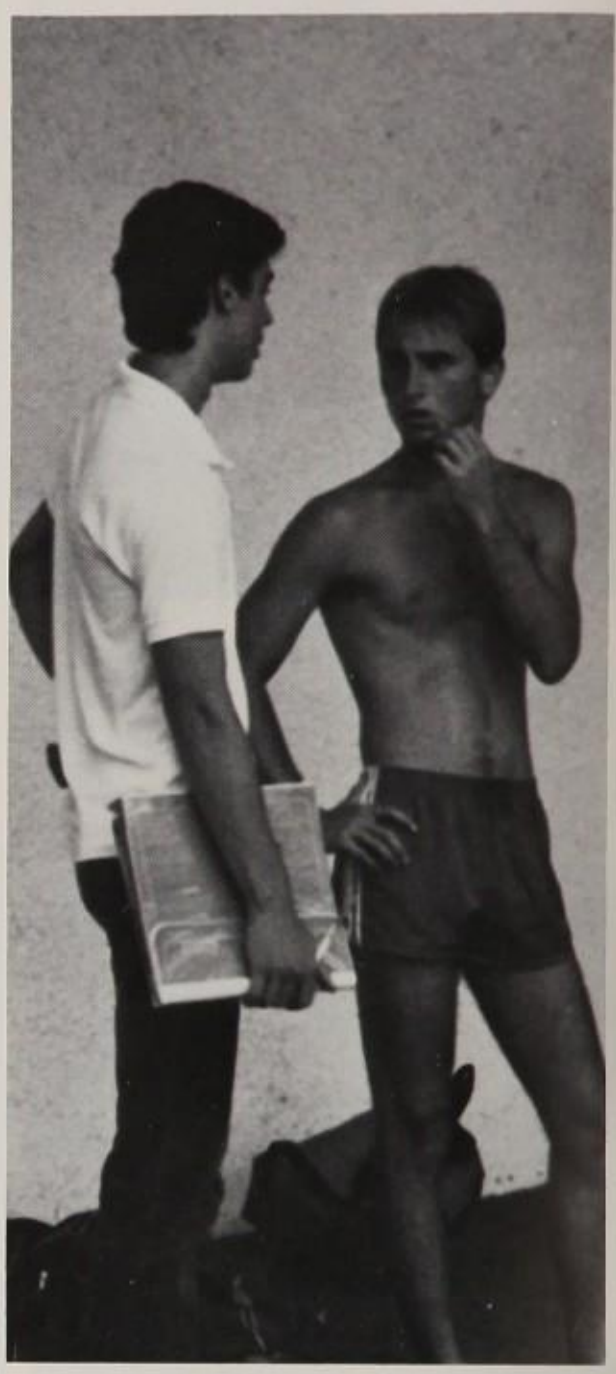
"We are one in the Spirit" was a saying that come alive for this year's senior class. The special spirit ran through the seniors and bonded them. The unity manifested itself in the helping hand that the seniors offered to anyone that was in need. They all supported one another.

Perhaps the solidarity was a result of some class members being together since kindergarten. Bobbie Ann Hunt, Cheryl Haseltine, Cindy Williams, Donny Harrington, Shannon Raday, Lori Williams, Gerald Akins, Andrew Hobbs, Scott Orthner, and Brad Johnson attested to that fact.

Several members of the class gave their views on class unity. "The spirit and love that we show towards each other is what unifies us," said Noelle Nichols. Monta King stated, "We are like brothers and sisters; everyone is a best friend to each other." Encouragement, caring, and love topped the list of unifying factors of the class of 1987.

Class president, Scott Grisar, added his thoughts on the class togetherness by sharing, "The major thing that unites the senior class is Jesus. He is Lord of everyone's heart and He is the commonness we have among us. We have become united because we are of one mind, one heart, and one Spirit — due to Jesus Christ. He is at the heart of the senior class."

The unity brought about by the Lord has helped the seniors to make this year great. The friendships and memories made will remain with the seniors as they go.



Where are you going after graduation? Cyndi Robbins, Gabrielle Reece, Donny Harrington, and Kaye Rollins discuss future plans.

It's hard to say goodbye

The time has come to cut the proverbial apron strings. This was a time of mixed emotions for the seniors. Some seniors expressed the sense of excitement about graduation such as Doug Petro and Mike Trill.

However, even with the excitement about graduation there was a sense of sadness about leaving fellow students, faculty, and Keswick. "It's going to be hard to leave because I'm used to having close friendships," stated Colleen Sorenson. This feeling was reaffirmed by Tony Long who said, "I'm not looking forward to leaving my friends behind."

Even as they were graduated, they are looking toward new experiences and friendships. As Marianne DeHaan said, "It will be like starting a new chapter of our lives." Lori Williams stated, "It will be hard to leave, but I know it's time to move on with my life."

So, as the seniors leave KCS, they realize that they're leaving physically, but as Linda Olson stated, "We'll always have part of Keswick in us that we'll never forget." The friendships they have made might look like they might end, but as Christians they have a hope as Debbie Fremer said, "Even though we'll be separated, we'll eventually be together in heaven."

In closing, a thought the seniors should keep in mind is found in II Corinthians 13:11. Finally brethern, farewell. Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you."

The Junior class was one of many surprises this year. They came together more in class unity than ever before. The junior class was able to attend the Tampa Theater to see a number of dramatized short stories with Mrs. Grozditz. This was an enlightening experience.

The Junior class sponsers were Mr. Allison and Mrs. Henderson, who both worked hard to make the Junior/Senior Banquet a great success.

Like all juniors, our class is looking forward to going on to college life! (In how many months is that, Mr. Strickland?)

Most juniors described our class as fun, friends, fads, free-going and exciting people. Jen Wright said, "We can have fun under any circumstances."

The Junior class is an original, one-of-a-kind group which definantly had an AWESOME JUNIOR YEAR.

The Freshmen year is always a big change from Junior High. It brings with it challenges both mentally and physically, and even sometimes spiritually. Freshmen are faced with the upcoming decision of what their occupation in life will be. Most Freshmen, such as Claudine Sorenson, do not know what they want to do and are content with being in school right now. Others, have already decided what they will become. As for Melissa Cooper, she would like to become a lawyer or a beautician; and Eliza Anderson is interested in the field of life science. This year's Freshmen are "trend-setters." They are out to prove that they are unlike the "common" Freshmen, and want others, especially upperclassmen, to know they are not as ignorant as believed to be. They brush off little jokes about Freshmen and remember that those making the jokes were once Freshmen too. As for Chad Peterson, when asked what his reaction was toward people who say Freshmen are ignorant, said, "That's what they think! They should get to know us better before making an assumption about us." Maybe if we took Chad's advice, we would all find out that Freshmen aren't so bad after all.

Eighth grade students were active in every aspect of school life including music, athletics, and academics. We asked why they enjoyed this year, and Rita Maragos, Traci Steckel, and Lisa Smith told us, "We ruled the hall!"

Even though they have had a super year, some like Craig Stavinga and Mason Phillips are looking forward to high school.

The majority of the seventh grade enjoys sports. Angie Kaminski was one of the twelve members on the junior high volleyball team. She said, "It was a great year and I enjoyed it." Angie enlightened us also on how we should encourage the students in the sixth grade to tryout so in the future they will help Keswick win a state title.

Tate Soles shared that he played junior high basketball and that he can't wait until he can play J.V. and Varsity basketball. Melissa Wilson also enjoyed playing basketball this year as well, but next year she anticipates going out for cheerleading.

Athletics is not the only interest of the seventh grade. Rebecca Robbins used her talents in singing opera and gospel songs. Rebbeca said, "I really love God and I am thankful that I can sing for His glory."

The seventh grade used the gifts and abilities they have to please and glorify God.

Are you for real? Mrs. Baumner really wonders about the sixth graders as she instructs them in math concepts.

How. Chad Arnow and Steven Moss share the spotlight at their Thanksgiving program.

Sixth grade was the last year of elementary school. No more jumpers for girls, and the class finally made that long trek to the back of the chapel. (Of course, they have to start all over again next year.)

This was also a time to stop and look to the future. When sixth grade students were asked what they wanted to be when they grew up, there was quite a range of answers; from pro athlete to grocer to comedian to housewife.

Jason Reid wanted to be either a mailman or an executive as long as he got weekends and holidays off. Elizabeth Williamson wants to be a paratrooper like her uncle. Leah Ellet wants to be a teacher so she can boss kids around.

Tim Dunfrey said, "I would like to be an orthodontist because they make lots of money and have Porches and speed boats — they're loaded!"

But then Jenny Johnson replied, "When I grow up I would like to be a doctor. I would like to save lives and learn to find new ways to prevent disease."

The world looks to be in safe hands with these aspiring professionals.

Excitement ran through the fifth grade this year. Under the leadership of Mrs. Phillips and Mrs. Everling these students matured in the way of Christ. Classroom involvement and field trips to see the Gulf Coast Symphony or involvement in the Joy Junction program were vital parts of the fifth grade life this year.

Even with the challenges of fifth grade many students like Pam Estes, Laura Mead, and Amy Welch felt that it was much easier than fourth grade. Caryn Wright and Michelle Banks also found the teachers to be extremely nice.

The fifth grade was full of aspiring young people. Erynn Bilang expressed an interest in being a lawyer. When asked what she wanted to do when she grew up Suzie Anderson said, "I want to be a hostess on my dad's dinner boat, The Captain Anderson.

So, as this class continues at Keswick their potential will develop in academics, athletics, and music. The Class of 1994 will become an active and vital part of Keswick life.

Smile-a-while. Tammy Kruis and Sandra Defalco show enthusiasm for fourth grade.

The Fabulous five. Watch out, because you can never tell when the five are after you.

Eight years from now, they will be looking forward to graduation, but this year the fourth graders had other things on their minds. No longer were they just concerned with ABC's and finger-painting, though, these youngsters studied more complex subjects than ever before.

Besides improving their skills at reading, writing, and arithmetic, these students also developed sense of loyalty toward others and responsibility for themselves.

Many fourth graders had the opportunity this year to join beginning band. Along with the recorder which they all learned how to play, these few adventurous ones learned how to play a new and different instrument. The whole grade was able to visit Ruth Eckerd Hall to watch a concert by the youth symphony.

Yet, with the stresses of fourth grade, the students faced any difficulty positively and met every challenge full of enthusiasm. Miss Pryski and Mrs. Barber like teaching this grade since, as one of them said, "It is one of the nicest age groups." Hopefully, as they continue growing older, they will still be filled with this enthusiasm.

Learning to play the recorder, to solve mathematical problems, and to interpret English all were a part of the third grade. The students enjoyed school for various reasons. Danny Hane said, "I like school because you learn." Melanie Illum decided she liked school because of the teachers.

Third grade included many different classes. When asked what their favorite classes were, math came in first followed by P.E., art, science, music, and history. These favorite classes played a vital part in the learning process of the third grade.

Lunch played an important part in the third graders lives also. Most of the class like Mary Robbins liked the lunches that their moms made. However, some liked cafeteria food for a change of pace. French bread pizza, chicken nuggets, and chicken sandwiches topped the list of favorite cafeteria food.

Third grade involved a great deal of learning both in and out of the classroom. With this learning, this class will now be able to face the new and different challenges of the fourth grade.

Mrs. Estes and Miss James guided the class of 1997 during this school year. In the classroom, these youthful scholars were introduced to the type of course structure that they will see for the next ten years of school. In social studies the second graders learned the continents and oceans, while in science they studied the human body. English class also became more interesting as the students learned to write in cursive and to construct complete sentences. After mastering sentence structure, the second graders began creative writing.

Part of the maturing process of a second grader included learning to carry and borrow, learning to tell time, and learning to take on the responsibility of raising plants.

However, the lives of second grade students weren't totally spent at their desks. They took an annual field trip to play a round of eighteen holes of miniature golf at Gulf Golf, and they also sang at a nursing home.

First Grade

Reading, writing, and arithmetic are just a few of the basic learning skills that are included in the curriculum of the first graders. Each and every day the children work with the ABC's and 123's. One of the important parts of first grade is learning how to read. On a weekly basis the children attend a reading session in the library where the librarian reads the children a storybook. Through the school year, the first graders have come to consider their favorite book to be Corduroy written by Don Freeman.

Yet, the first graders grow in many ways besides just academically. They learn to make friends and share with one another through their love which shows that the children are "a gift of the Lord" (Ps. 127:3) since they are giving of themselves. God has stated that "truly I say to you, unless you are converted and become like children, you shall not enter the kingdom of heaven," (Matt. 18:3).

The Reading Railroad. Some kindergarteneres return from the library where they heard a story and checked out books.

Kindergarteners found that this year was one of the most important years in their lives. It was a time for observation, learning, and guidance.

Some of the activities that the kindergartners were involved in included learning the ABC's, the sounds of letters, how to tell time, how to read, how to add and subtract, and the list goes on.

Christian precepts are also taught even at so young an age. The boys and girls in kindergarten were shown how to understand and appreicate God's Word as they learned verses and songs from the Bible.

Eric Savitski summed up the thoughts of all those in kindergarten this year by saying, "I'm having a lot of fun here. I get tired and tired."

Busy as a bee! To Mrs. Phillips teaching is a constant job, but she loves it.

Fifth grade is a very important and influential year in a student's life, so it is crucial for the fifth graders to have a teacher with a strong positive attitude and Christian testimony. Mrs. Phillips is a teacher with these qualities and many more. Her leadership and dedication were big parts in the sixth graders education for the past three years and have proven to be equally effective for the fifth grade this year.

Mrs. JoAnne Phillips "enjoys teaching children," according to her daughter Gwen. Evidently, the fifth graders really like her too. They say she is nice, Godly, helpful, and considerate. Sean Kewin mentioned that she "loves everyone in the class," which is probably the most important characteristic of all.

Years from now, the fifth graders may have forgotten the candy she faithfully handed out, yet they will always remember Mrs. Phillips and appreciate all she gave to them — especially of herself.

Concert Choir And Exhaltation

The Concert Choir worked hard this year. The proof of that was their excellent Christmas and Spring concerts. They took a spring tour during spring break around Tennessee. They also had many concerts both in and out of school at local churches, nursing homes, and other places. Another success for the choir was the spring musical of "The Sound of Music," in which the high school choir participated.

The drama department had a very fulfilling year in 1987. The class started the year with the entertaining space adventure The Long Journey Home and followed it with many chapel plays and puppet shows. Many of the students also participated in this year's spring musical, which helped to make it a big success. With the many fine performances it had this year, it would be safe to assume that this was one of the best drama classes Keswick has ever had.

A toy means a lot for a little tot. Senior class president Scott Grisar gets into the Christmas spirit.

"Are you Sadie Hawkins?" Gordon Nichols asks Kelly Brown if she has enough capital to fund their evening.

To involve the entire student body in more activities and to reach out to those with needs in the community were the student council's goals.

The month of November brought Sadie Hawkins Pizza-Movie Night. This Student Council sponsered night of fun gave the girls a chance to ask the guys out for a change. During the Christmas holidays, council members collected toys and canned goods for two families in need. This expression of the Christmas spirit was well received and greatly appreciated.

The council's goals were accomplished with the fine leadership of each person involved.

We've got spirit on picture day. The 1986-87 pep club.

The 1986-1987 pep club started off the year with an opening pep rally, "Catch the Crusader Wave." This theme was introduced along with the sports teams and cheerleaders. The sales persons kept busy during soccer. Mr. Burridge sold pretzels, pop corn, and spirit pins, while Lisa Redding worked diligently at the snow cone booth.

During winter sports season the main activity of pep club members was homecoming. They organized the activities for the week, which were nerd day, college day, and hall decorations. The decorations for the stage were done according to theme "Home for the Holidays." Mr. Burridge, was the sponsor for all pep club activities and events.

Home For The Holidays

Keswickians really caught the spirit wave during this year's homecoming. The excitement started with a hall decorating contest which led to Nerd Day. Who would have guessed Keswickians would have clothes like those modeled that day?

Next came college day which showed us that some students have big plans for the future. Schools like FSU and UF were well-represented; however, other schools like the Universite de Paris, University of Pittsburgh, and University of Georgia had many representations that day.

Friday was spirit day and Keswickians went all out. A pep rally finished off the school day, but there were many evening events. The basketball games were spectacular; these were followed by the presentation of the homecoming court and a reception for alumni. The homecoming week was memorable, and the presence of the alumni showed us that Keswickians truly come home for the Holidays.

Senior spirit shines. Scott Grisar and Debbie Fremer wear the winning spirit hats.

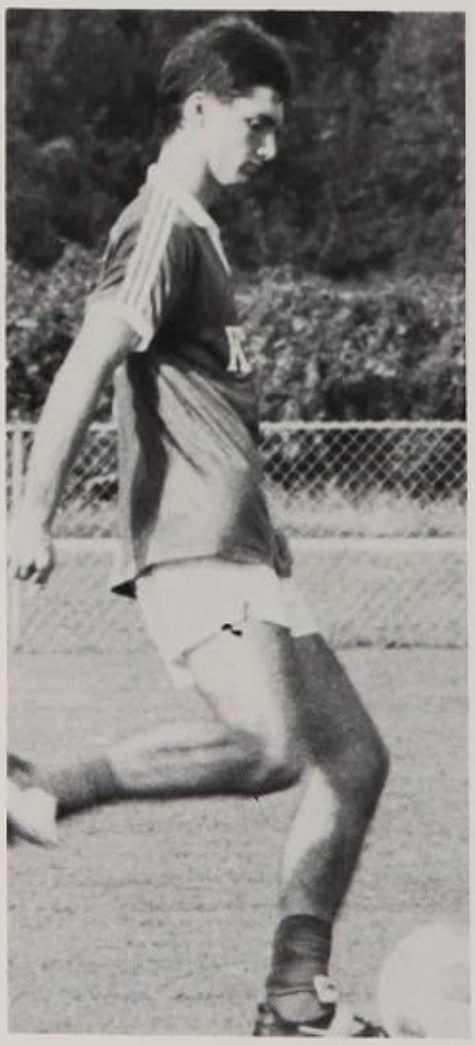
The Swedish express! Mark Erickson diligently pursues this Canterbury player for control of the ball.

Conquering the Vikings!!! One of the highlights of this season was defeating the Lakeland Christian Vikings by a score of 5-0 during season play.

Square right! Captain Andrew Hobbs instructs his team during an exciting game.



Another hat trick for the Maverick! Captain Donny Harrington led the Crusader soccer team by scoring 33 goals during this season.

Your goose is cooked! Although this was his first year on the soccer team, Russ Bouma proved to be a valuable asset to the Crusaders.

SLIDE Scott!!! Captain Scott Grisar was known to risk life and limb in the pursuit of the soccer ball.

The Brazilian Bomber! Nathan Snyder, a native of Brazil, played a key role in the Crusader defense!

"I'll score this time!" Scott Orthner, a valuable member of the Crusader defense, tried many times throughout this season to score a goal.

Don't feed the ANIMAL!!! The Crusader soccer team benefited from the long "corner throws" of Captain Dan Walsh.

The season started out with a bang at the Maclay Invitational where the varsity soccer showed everyone by their performance that practice really does make perfect. The Crusader soccer team, which consisted of nine seniors, six juniors, four sophomores, and two freshmen, ended the season undefeated at 14-0-2.

The Crusaders became district champions. After defeating Tampa Prep in the district finals, the Crusaders advanced to the state tournament.

With convincing victories against Highlands and Jupiter, Keswick reached the state finals for the second time in five years. While placing second in state, the Crusaders played like champions all season.

Varsity Volleyball Overcomes Through Him

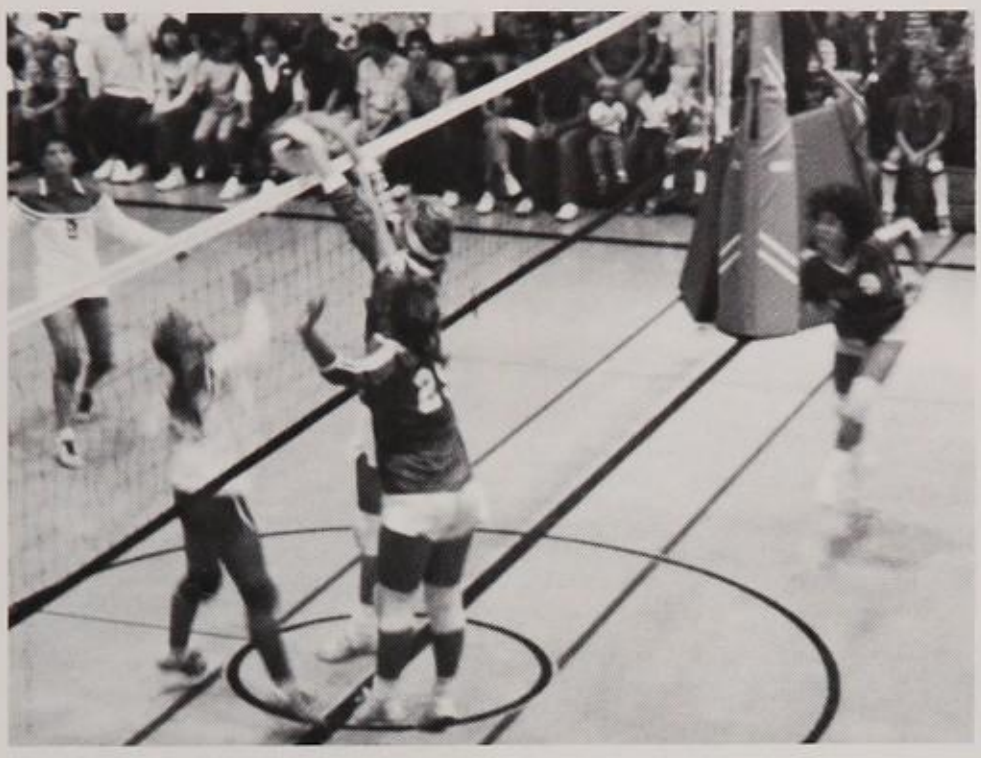
Ready for action. The Lady Crusaders get low and ready for the serve.

Set it up! Setter Dana Chancey does what she knows best.

Super stuff! Debbie Fremer sends the ball back over the net with the help of Shannon Raday.



The Secret Weapon. Gabrielle Reece whips down one of her many unreturnable spikes.

Power serve! Sophomore Jennifer Hess serves the ball for the winning point.

TEAMWORK! Coach Ekkela gets the girls psyched up for a win during time-out.

Last fall, few noticed the eleven girls who were in the hot gym after school every day practicing their volleyball skills; but many heard of the victories that were accomplished by them.

Since she had only four returning players, Coach Ekkela assumed the tough job of putting together a new team. The hard work of the coach and the girls paid off when they beat Tampa Prep for the first time in Keswick history. This was definitely the highlight of the year for the team.

With the season's ups and downs, each player gained her own victories as she overcame difficulties, both on and off the court. The team grew close to each other and to the Lord; and the Lady Crusaders will never forget the exciting times of the 1986 volleyball season.

Raise your spirits high. Colleen Sheridan displays her enthusiasm during the soccer season.

Boy, are we enthusiastic. Wyann Schroeder and Michelle Miller relax after a tough afternoon of cheering.

Cheering for a win. The squad encourages a victory at a varsity soccer game.

A Spirit Explosion!!! Jennifer Schmidt cheers the awesome varsity boys basketball team to a district championship.

We love the camera! The varsity cheerleading squad has time for the pictures before the state game.

Camp in June, a pom pon routine to "Joshua," a state soccer tournament, thirty-two basketball games, a trip to Fort Lauderdale, and long, difficult practices are in the memories of the 1986-1987 varsity cheerleading squad.

Through the many practices and performances, the team achieved a true bond. This unity helped the cheerleaders to stimulate school spirit throughout the other cheerleading squads and the school.

Mrs. Wells, the sponsor, coordinated many activities and pushed the girls with "you can do it one more time" to help the team achieve its goals.

It was obvious the varsity cheerleaders had spirit — spirit enough to share.

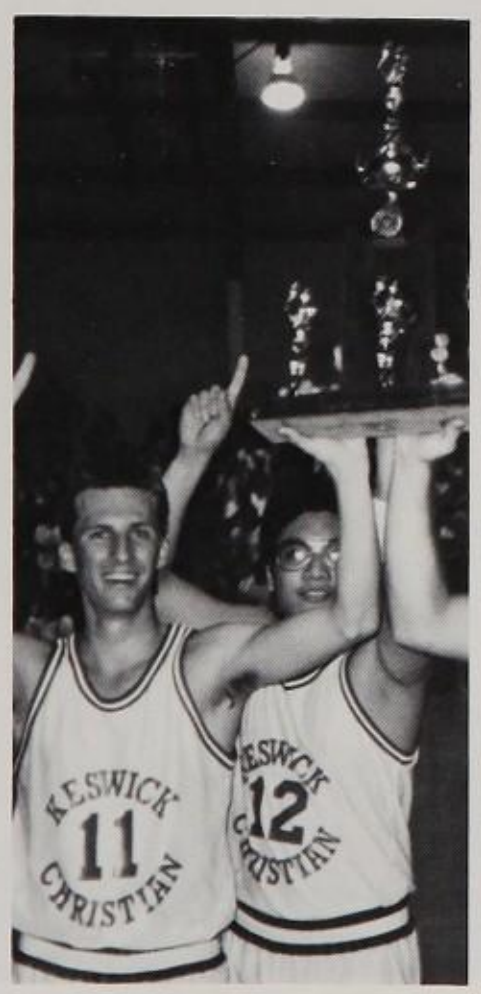
There's a first time for everything. The Varsity Boys basketball team became district champions for the first time ever this year.

Jeff sets up the play from out of bounds! Jeff Sandhoff keeps the pace up during a game against Bayshore.



Working as a unit since October, the Boys Varsity basketball team played more than thirty regular season games; sometimes as many as three in one week and back to back games on weekends.

During the Keswick Invitational the Crusaders hosted a national team from Molndahl, Sweden. Many new friends were made and the Crusaders have an open invitation to travel to Sweden and play basketball.

Finishing up the season, the Crusaders captured the Class A District 10 title, the first in the school's history. The team also won the Bay Conference West and set a new school record, winning twenty-six games.

Put it in. Hazel Thorniley shoots while Cassie Stanley and Holly Soles get ready for the rebound.

I know it is up there somewhere. Angela Capeci looks for the rebound.

In any competitive team sport, wins and losses are important. But the most significant part of the season is the development of team character. This trait shows best during time of adversity during the season.

Two examples when the Varsity girls team measured up when the going was tough were at Shorecrest and Palmetto. At Shorecrest, the opponents had to work as hard for their last basket as the first.

The physical game at Palmetto, tested the "cool" of the team. They kept their heads (and their actions) despite the fact that others about them were losing control.

Not only did the team's basketball skills shine but also its Christian character reflected the Light. — Coach Kolb

I got it. Dan Steffins throws it back in.

Boom, it's out of here! The Varsity Baseball team had an explosive year. The Crusaders won many good games and had an impressive show in Districts. Coach Linkenback worked hard with the team and it really paid off. The team had a number of young players on it, and coach Linkenback in building a strong program that will do well in years to come. The baseball team would like to thank the fans that supported them throughout the season. The baseball team has a bright future and will no doubt continue to excel.

Gone with the wind!!! Heidi Smith throws the ball at an incredible rate of speed to get the runner out at first.

What is it??? Heidi Smith tries to learn the rudiments of the game of baseball during practice.

Strike'em out! Angie Pierce does her impression of Dwight Gooden.

Ready for a hit! Angela Capeci is anxiously waiting for a pop fly.

Smack attack! Shannon Raday practices her method of sending the ball out of the park.

Bring it home! Lisa Heise attempts to pick off a person at home plate.

If you happened to see a grand slam fly over the fence at Keswick, it was bound to be a hit from one of the talented Varsity Girls Softball players.

The 1987 softball team was coached by Miss Ekkela who stated "We grew stronger through the year as we went from inexperience to experience."

Their experiences proved profitable for the girls as they ended the school year with a sensational season.

The team members grew not only in experience, but in spirit also. Their team song, "Lean on each other," by David Meece encouraged the girls to pull together through the tough games which helped them to develop long-lasting friendships.

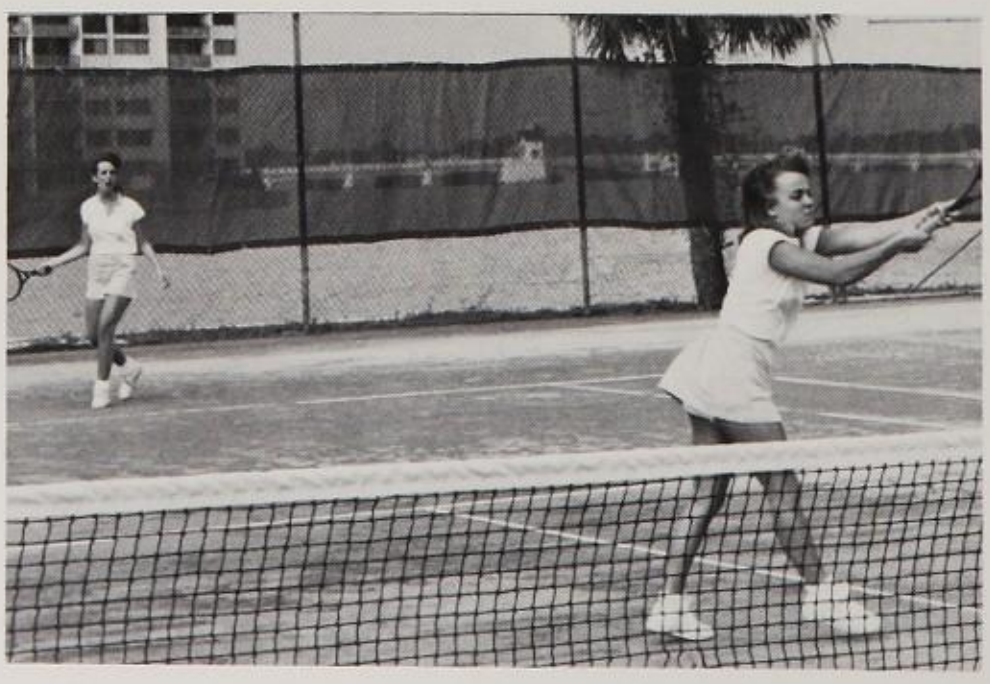
Tennis Team. Front Row: G. Nichols, D. Walsh, B. Burg. Middle Row: C. Sorenson, M. Palm, H. Damer, R. Thornton, H. Thorniley, C. Sorenson, C. Walton. Back Row: A. Manning, E. Bilang, T. Oswald, A. Hobbs, D. Carlson, B. Walsh, Mr. Allison — Coach.

Just a swingin'!!! Hazel Thorniley was one of the most outstanding members of the tennis team this year.

Smack that ball! Claudine Sorenson practices her incredible technique against her opponent during a match.

Follow through!!! Robin Thornton demonstrates to us her impeccable forehand technique.

Double trouble!!! Colleen Sorenson and Mary Palm made an awesome doubles team throughout the 1986-87 tennis season.



A swinging pair!! Holly Damer and Carese Walton team up to defeat their opponents after a long, hard match.

Mary's no look return! Psyche — Mary shocks her opponent by using one of her no look returns during the match.

Exte-e-e-nsion!!! Colleen Sorenson shows us her technique of rescuing the ball during her match.

Stay on your toes! Carese Walton shows us her method of keeping the ball in bounds.

Serving with pride the 1987 tennis team followed through with a challenging season. They did very well considering their schedule included teams which were nationally ranked. Despite the hard agenda, the team had an excellent coach, Mr. Calvin Allison.

Team unity was generated as the players would psyche each other for their games. The team would be ready for Wimbledon after a trip in the van to a match!

Besides having fun, the members of the team worked incredibly hard and improved tremendously throughout the season. (Due to yearbook deadline only girls team could be pictured)

Cross Country A Step Ahead Of The Rest

Determination was the key ingredient of the cross country team. At the beginning of the season a group of girls organized themselves into a team.

There was a great deal of individual effort put into this season. Coach Johnson said each girl had personal goals, and most of the girls reached these.

The girls ran in six meets of two miles each.

The team went to districts and came in fourth, while in the all-St. Petersburg city meet they came in fifth. The team made its school proud by being eleventh in the state.

Marianne deHaan led the team as she went on and represented Keswick in the state meet.

The girls did an exceptionally good job this year because of their determination and ability!

Standing: Karen Crittenden, Angela Capeci, Marianne deHaan, Cindy Williams, and Coach Johnson. Seated: Carmen deHaan, Hazel Thorniley, and Denise Hamilton.

Blushing with pride. Mike Trill congratulates the cross country team on their achievements.

A proud team. The girls show off their prideful smiles after a meet.

The joy of running! Carmen de-Haan, Lisa Smith, Brinda Coombs, seem to enjoy practice.

Hot Potato! George Sheldon and David Marsh perfect the baton exchange.

Stretch it! Shannon Stone prepares for a big meet.

The track team in its third season enjoyed another successful year. First year coach, David Aftleck, lead a team with a mixture of both veterans and novices.

Seniors Marianne DeHaan, middle distance; Linda Olson, sprints; Jim Carlton, long distance; and Shannon Stone, middle distance provided the leadership for a team that included a number of junior high members.

Track is growing in popularity here at Keswick. The team competed against a number of large public high schools in many meets. The season was a success in every sense of the word.

JV Soccer Scores An Undefeated Season.

Under the able supervision of Coach Schaefer, the JV Soccer team was led to an outstanding undefeated season of 14-0. Although they encountered some tough competition, such as Lakeland Christian and Lakeside Christian Varsity, the team was able to maneuver their way to victory each and every time.

One of the motivations which helped the JV team to win all its games may have been the promise from Mr. Schaefer that he would get a crew-cut if they went undefeated. On the other hand, it may have been just pure skill. Whatever the case, the JV Soccer team proved to be outstanding, and it has promised many hopefuls for next year's varsity team.

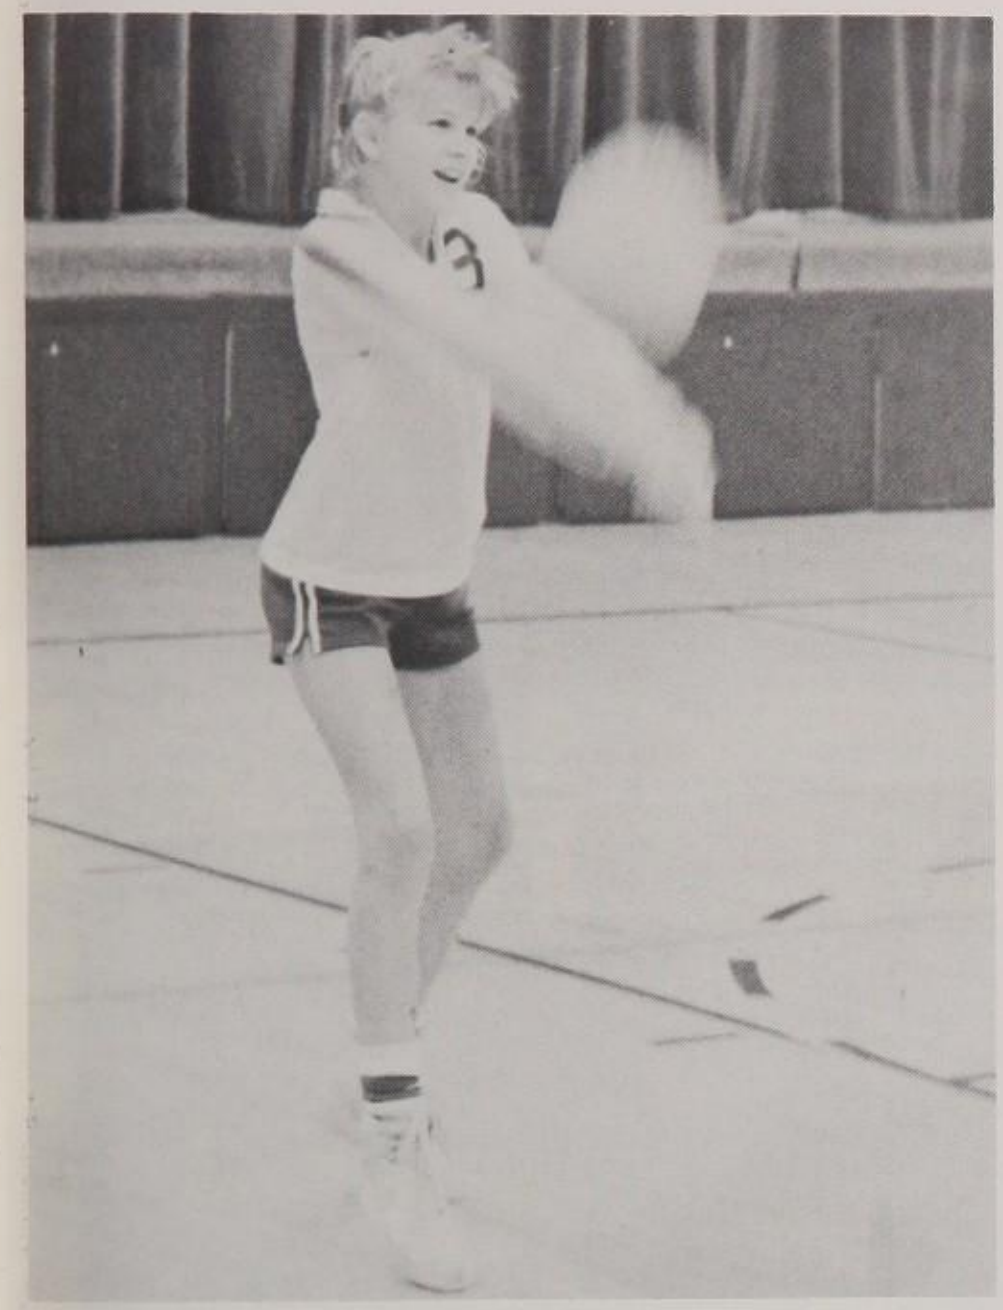
Kneeling: I. Claxton, M. Phillips, D. Daffron, C. Haley, G. Sheldon, K. Stevenson, S. Pierce, A. Moffett, A. Capeci, R. Kutche. Standing: D. Massaro, T. Gerwer, J. Spracklin, J. Reid, J. Chandler, J. VanSteenburg, M. Baldwin, C. Wolitz, D. Sheridan, J. Thomas, B. Lorenzen, Mr. Schaefer.

Run for your life! Andrew Capeci runs to help his team take control of the ball.

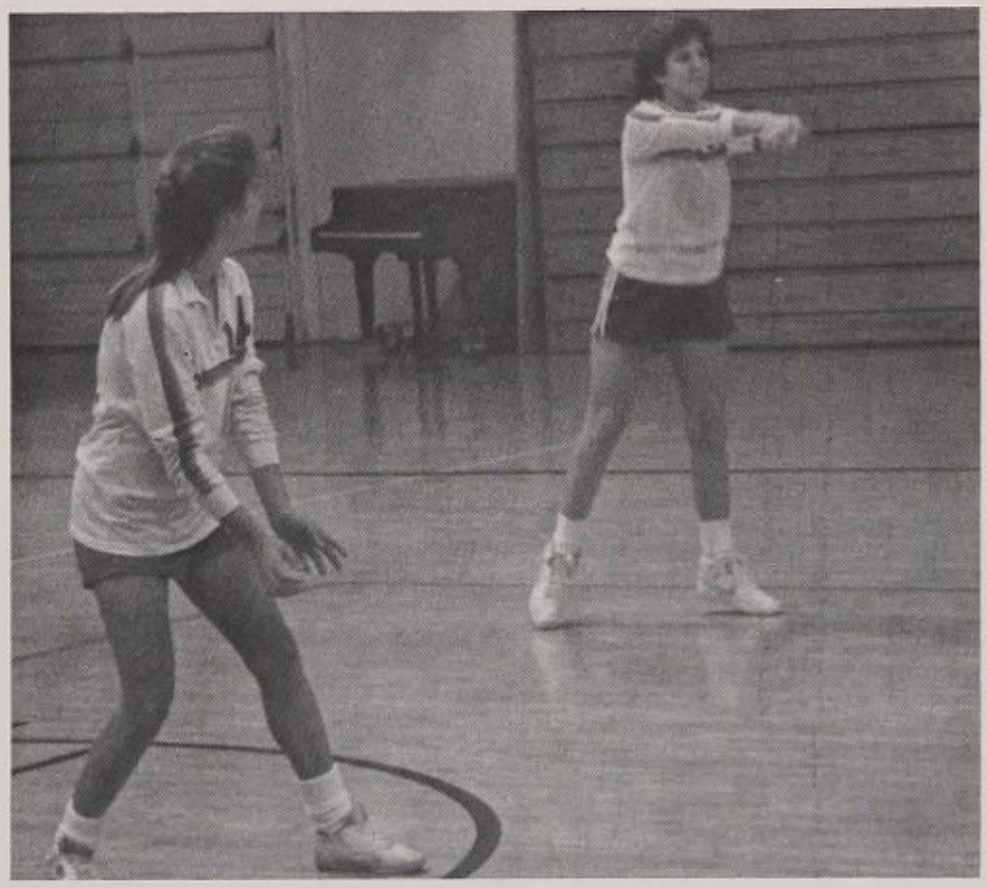
Danger Zone! John Spracklin in deep pursuit of one more goal.

Catch me! Catch me! If you can! Brandon Lorenzen takes control of the ball and heads for the goal.

Always on her Toes! Lisa Smith attempts to bump the ball while standing on her toes.



Mine! Christy Brock gets in position to score a point.



Front Row: Coach Ekkela, N. Nichols, C. Sorenson, L. Smith. Back Row: E. Stratas, M. Cooper, C. Brock, K. Jennings.

This year's JV Volleyball team may have been small, but it was far from whimpy. With only 7 girls, the JV Volleyball team captured an outstanding season of 6 and 5. They were fortunate to have Miss Ekkela as their coach, and Melissa Cooper and Claudine Sorenson served as captains. The rest of the team consisted of 7th, 8th, and 9th graders. When asked about the season, Lisa Smith, replied, "It was a good season, but the best thing about it was that it was fun!"

JV Volleyball Sets Up A Winning Season

JV Cheerleaders Fly High With Spirit

With the support of Mrs. Wells, this was certainly one exciting year for the J.V. Cheerleaders. They started off by cheering the J.V. Boys soccer team on to an undefeated season.

In mid-November, the girls competed against 35 other Christian schools — some coming from outside of Florida — in a cheerleading competition and placed second with their excellent three-minute routine. Competing individually, Angie Manning received a trophy for second place in the All-Star competition.

The squad's enthusiasm leaped into basketball season to keep the J.V. boys and Varsity girls teams fired up with their pep rallies, pom-pon routines, and spirit prompters.

Most definitely, through their devoted and enthusiastic support for KCS, this year's J.V. cheerleading squad will be remembered for their bringing out the true Crusader spirit in all of us.

Kneeling: C. Brown, C. Walton, A. Manning. Standing: B. Williams, T. Frank, A. Scott, D. Piper, B. Polski.

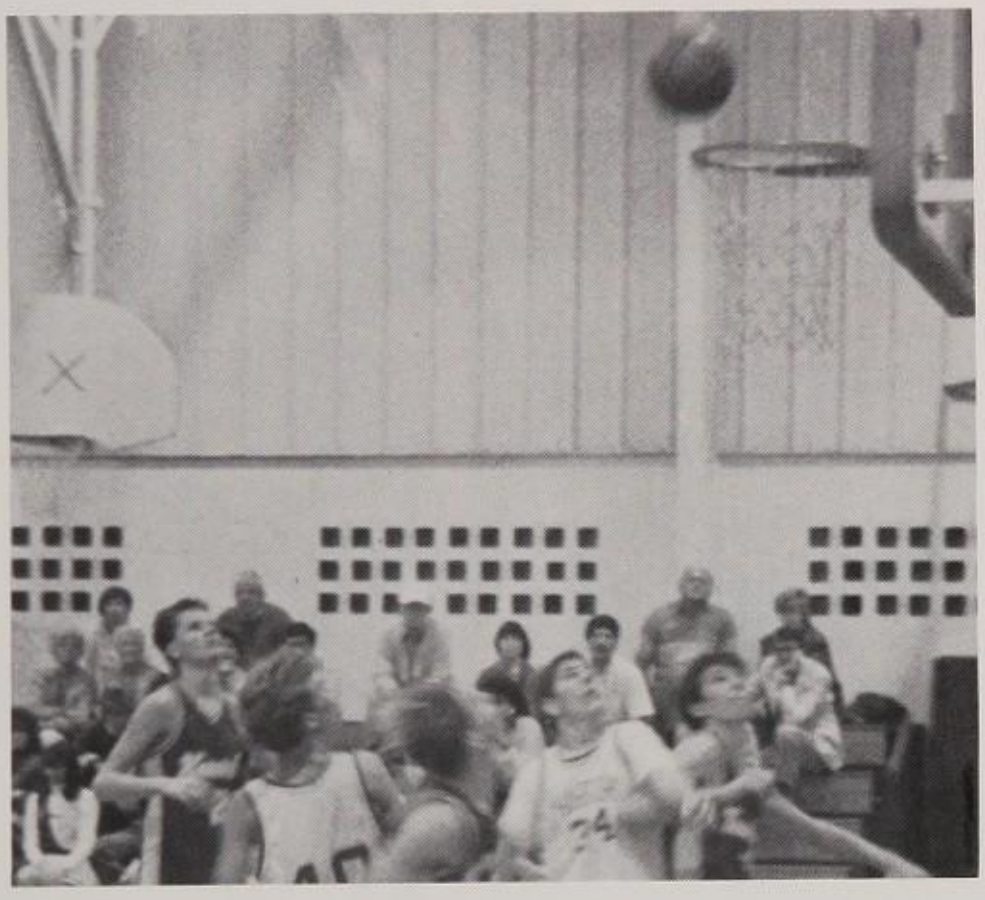
Clap your hands, everybody! Tami Frank is cheering the J.V. boys soccer team on to victory.

Work together, right on! Enthusiastically, the J.V. cheerleaders liven up the Crusader fans in the bleachers.

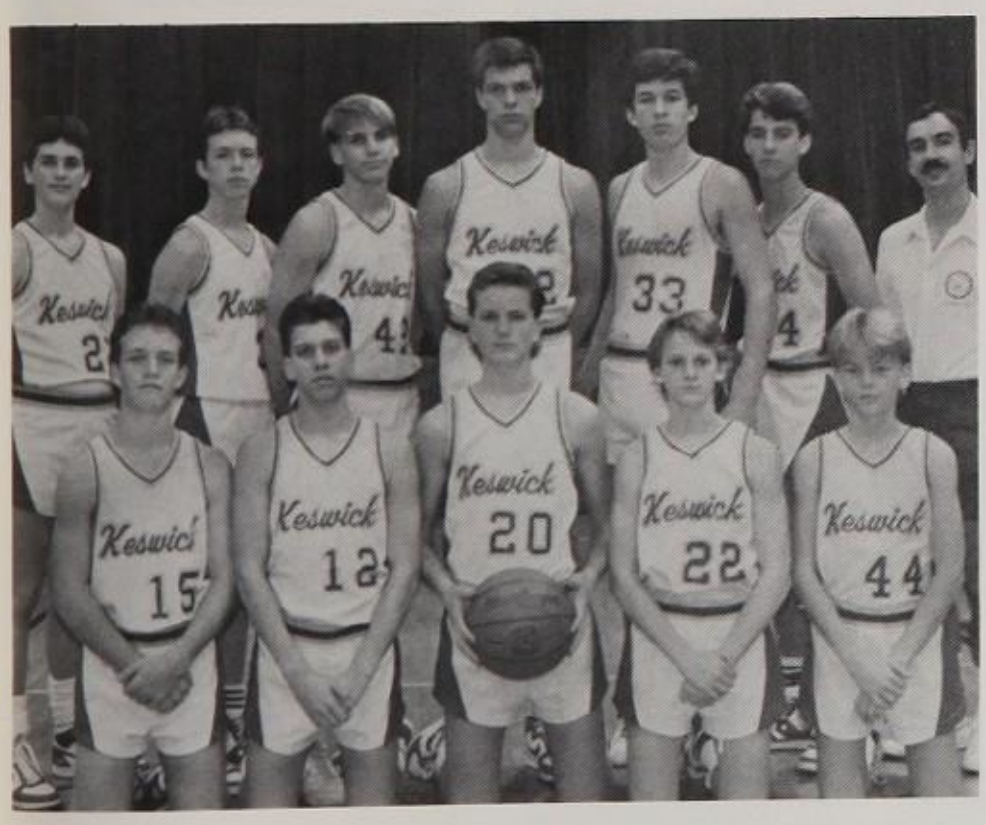
Where's the beach? During a pep rally, the J.V. squad tries to catch some rays.

Try a Larry Bird move. Mr. Linkenback relays some words of wisdom to the up and coming basketball stars of tomorrow.

The Essence of Foul Shooting. Todd Sandhoff shoots a foul shot with great finese.



Will It Make It? The JV team waits in suspense to see if they have scored two more points.



Kneeling: J.Thomas, C. Wollitz, B. Burg, B. Lorenzen, D. Hanson. Standing: T. Sandhoff, C. Shankle, C. Peterson, M. Baldwin, S. Glazier, S. Otto, Coach Linkenback.

It was a very successful year for the J.V. boys basketball team. Coach Linkenback taught the guys a lot this year and did a fine job leading them to a winning season. Brian Burg, the captain of the team, agreed by saying, "Coach was a real inspiration to us all this season."

The team was successful in more ways than one. Not only did they have a winning season, they also had a lot of fun and strengthened their friendships.

We praise the Lord for their achievements and thank Him for the opportunity He gave them to be witnesses for Christ.

The JV Boys Basketball Team Shoots For Excellence!

FCA Strives to Bring Athletes Together in Christ

A new group with a dynamic purpose appeared on Keswick's campus in October. The group of male and female athletes met alternate Wednesday mornings in order to "present to athletes and coaches, and all whom they influence, the challenge and adventure of receiving Jesus Christ as Savior and Lord, serving Him in their relationships and in the fellowship of the church."

This time allowed the athletes to join together as a unit. The members got to know each other from a different point of view other than team mates. The group members shared what the Lord had been doing in their lives.

During Christmas break, FCA had a dinner get together. The gang exchanged gifts, played games, and heard a special message by David Alba.

FCA was a powerful addition to Keswick's society and hopes to grow in numbers and in spirit.

D. Neely, president, D. Petro, treasurer, S. Raday, J. Schmidt, C. Sorenson, secretary, W. Schroeder, vice president, M. Cooper, K. Fazioli, C. Sheridan, D. Sheridan, M. McManus, S. Chrissenger, K.C. Don't start the meeting without me! Dave Neely was the president of FCA during the 1986-1987 school year.

Rise and shine, it is FCA Wednesday. Mark Cooper on his way to a meeting of Fellowship of Christian Athletes.

Let's go to FCA! Donny Harrington rounding up the guys.

7:30 A.M. Youth pastor David Alba wakes up FCA with an inspiring word of encouragement.

Smack! Rita Maragos puts the ball into play with a powerful serve.

Watch out World, Here it comes! Alisa Nyberger bumps the ball powerfully back to the opposing side.

It's a Hit! Amie Gimon returns the ball back with a strong bump.

Take it from an old pro! Mr. Burridge advises the team on their next play.

Front Row: A. Willms, S. Stoneking, T. Woods, R. Maragos, K. Havener, A. Kaminski. Back Row: A. Nyberger, M. Macri, L. Pederson, A. Gimon, S. Hickox, L. Peyinhaus, Mr. Burridge.

If you happened to see a group of JH girls cluttered in a group, wearing green and white, and yelling "Surf's Up" or "Catch the Wave", it most likely was the JH Volleyball team.

With Mr. Bob Burridge as head coach, and Rita Maragos and Liz Peyinghaus as captains, the team had a good season of 8 wins and 5 losses.

This year's JH Volleyball team exhibited a lot of enthusiasm and worked well as a team. Many of the girls hope to next year be on the JV or Varsity teams.

JH Volleyball "SPIKES" again.

The JH Spirit Shines

Spirit sums this year's Junior High cheerleaders. They have cheered our teams on to many victories and have put on excellent exhibitions at the pep rallies this year. The cheerleaders are led by their capable captain Michelle Burroughs. They have practiced many hours this year and it has really paid off. The cheerleaders have brought an immeasurable amount of spirit to the Junior High which will hopefully follow them through the years to come. The enthusiasm produced in the Junior High by their cheerleaders has been appreciated throughout the school. The future looks very bright.

M. Burroughs, T. Steckel, M. England, A. Gimon, K. Clouser, J. Kruck.

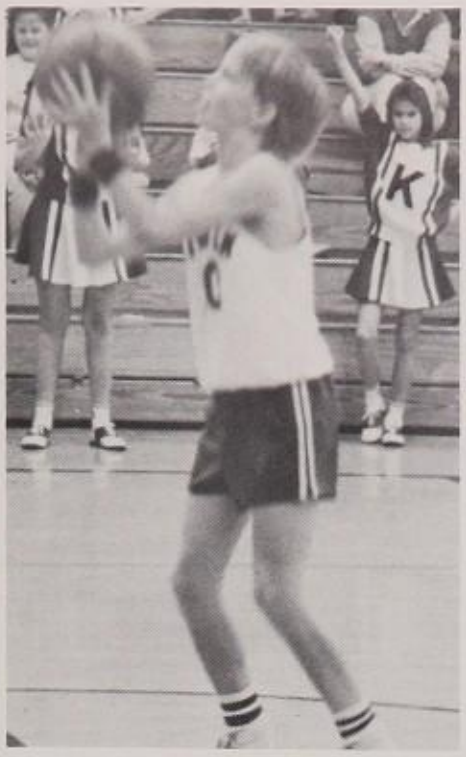
Put it in! Traci Steckel and Michelle Burroughs support the basketball team during the Homecoming game.

Going to the top. The JH cheerleaders psyche up the fans during a fall pep rally.

Fighting machine. Katie Clouser and Amie Gimon cheer for the JH teams.

Uncharging a Charger! Stan Pierce beats out a Shorecrest Charger and makes an easy lay up.

Get outta my way! Scott Loden was the most outstanding player on this year's Crusader team.



Tate Soles aims for the money! As a seventh grader Tate Soles was a valuable member of the Crusader team.

Huddle time, guys. Coach Soles gives instructions when the team was in a pinch.

Kneeling: D. Massaro, A. Capeci, T. Ingeneri, T. Soles, R. Ruzicka, R. Clark, M. Barber, S. Pierce Standing: Coach Capeci, D. Daffron, N. Ingeneri, K. Bradshaw, C. Stavinga, G. Sheldon, M. Otto, T. LaFave, Coach Soles

Under the direction of Coaches Soles and Capeci the Junior High Boys Basketball team had an exciting season.

Although this team had a rough start they fought back to improve their record. Coach Soles said, "The one thing I like about this team is their tenacity. They never give up!"

When asked why they enjoyed the basketball team, they gave many different answers. Some, like Ken Bradshaw and Stan Pierce, enjoy basketball so they were on the team. Another team member, Craig Stavinga, said that he enjoyed representing the school. Scott Loden said, "I play basketball to release my frustration!"

This season was a profitable one for the entire team. It was a time of learning new skills and character development that was practiced on and off the court.

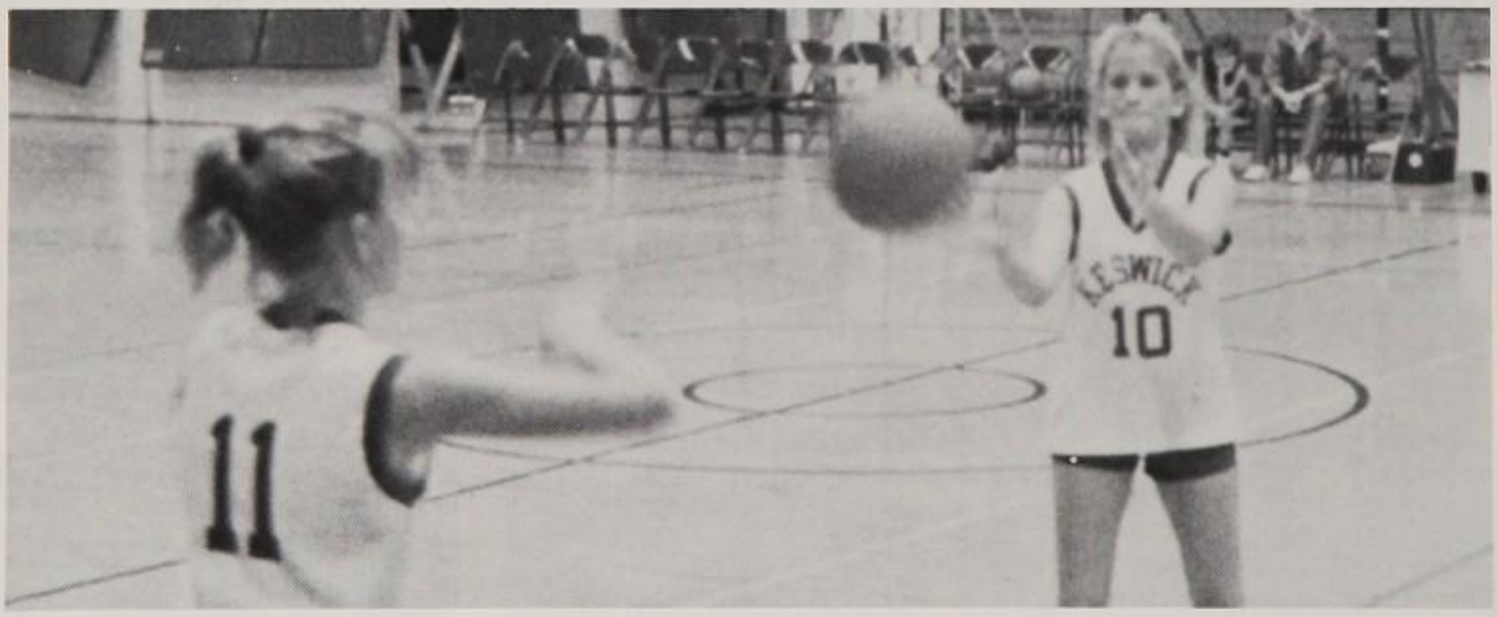
Junior High Boys Charge Ahead

JH Girls Basketball Team Makes Coach Proud

The future looks bright for our girls basketball team with the tremendous talent we have in the junior high. "We are looking toward a state championship in a few years," as their proud coach Miss Ekkela put it. "They were better than anyone else around. We could not find anyone who even came close."

Kendra Jennings and Evie Stratis, the captains of this team, led the scoring to shoot the girls to a very successful season. The team's hard work and their ability to work well together proved to be the key in their achievement this year.

Kneeling: D. DeVries, L. Smith, L. Stuart, C. deHaan, B. Coombs, E. Sandhoff. Standing: Coach Ekkela, M. McKreye, K. Jennings, C. Brock, E. Stratis, L. Peterson, M. Wilson, C. Flack.

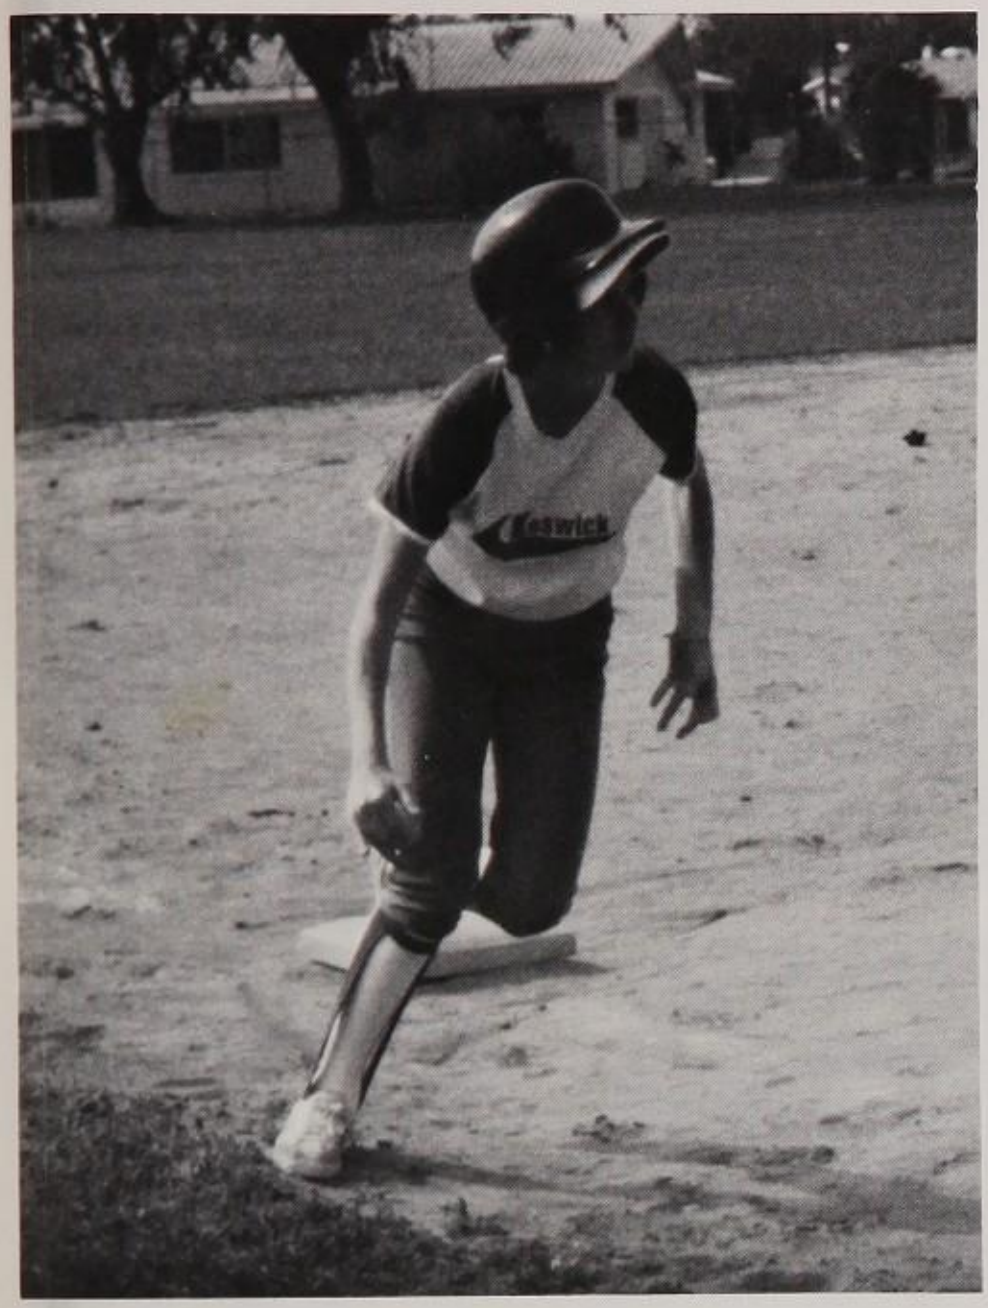


I don't want it! You have it! Lisa Smith passes Erin Sandhoff the ball.

Call out picks. Coach Ekkela gives the girls a play.

Up for two. Captain Evie Stratis shoots past the opposing team's guard.

Heading for home. Sandy Hickox is about to add another run to the score.



Hey Batter, Batter . . . Swing! Keri Norris hits a winner during warm-up.

The winning pitch. Lisa strikes out the helpless batter.

Bottom Row: A. Pavey, D. DeVries, T. Woods, K. Clouser, R. Maragos. Middle Row: A. Wilms, S. Stoneking, M. Macri, E. Sandhoff, K. Norris. Top Row: C. Flack, L. Pedersen, Coach Wells, E. Stratis, K. Matthews, S. Hickox.

It was a swinging time for the Junior High girls softball team this year, as they batted their way into a super season. Led by Coach Valerie Wells, the girls exhibited their terrific talents hitting homeruns and catching fly balls.

Beyond doubt, the girls proved that being in junior high does not mean being in second class. They pulled together, worked hard, and played sensationally. The Junior High girls softball season was a smashing success.

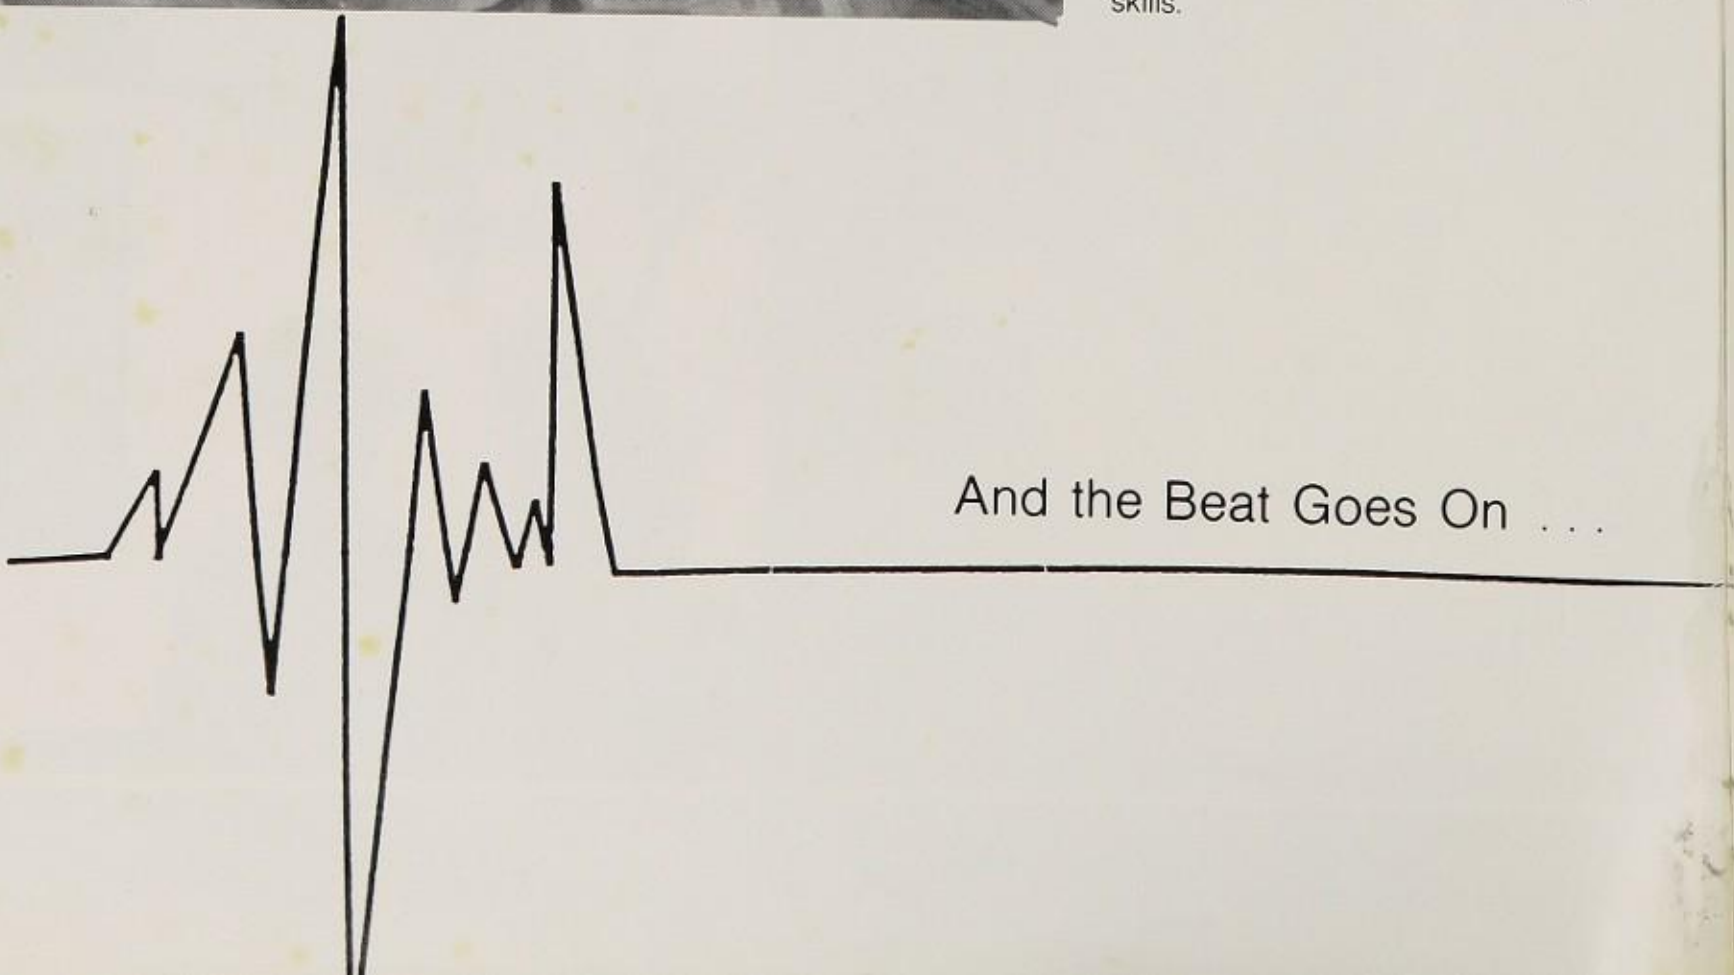
The Never-Ending Pulse of KCS

1986-1987 brings pulsating memories: New Students' Day, Pep Rallies, Pizza & Movie Night, State Soccer Tournament, Homecoming, Senior Spaghetti dinner, boys basketball Conference Champs, Junior High Banquet, Senior Trip, Jr./Sr. Banquet, Fun Festival, Graduation.

The Crusader Vital Signs will not cease with the close of this year, but will continue throughout eternity.

Jude 21
"Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life."

The seniors wave goodbye. Although the seniors, the life of the party, are leaving KCS, many excited Keswickians look forward to taking their place.

Mapping out the future. Amy Kruck, Mason Phillips, and Michelle Burroughs anticipate great things to come.


Climbing the ladder of success. Two future leaders of Keswick play on the playground after a long day of learning basic skills.
